

Don't let the ageing process slow you down.

Homocysteine is an amino acid that occurs naturally in the body. However as you age, homocysteine levels in your body increase and the risk of a number of chronic conditions is greatly increased:

- Vascular disease - heart attack, stroke, deep vein thrombosis;
- Hypertension - high blood pressure;
- Neuro-degenerative diseases - Alzheimers and Parkinson disease;
- Depression;
- Diabetes;
- Cancer

Cellfood® LONGEVITY is recommended for people with the above chronic conditions.

Cellfood® LONGEVITY is also a DNA regenerating formula that assists in:

- Slowing down the ageing process;
- Extending longevity; and
- Energizing
