

EXCITING NEWS

THINGS ARE CHANGING
BUT THE **GOOD THINGS**
STAY THE SAME.

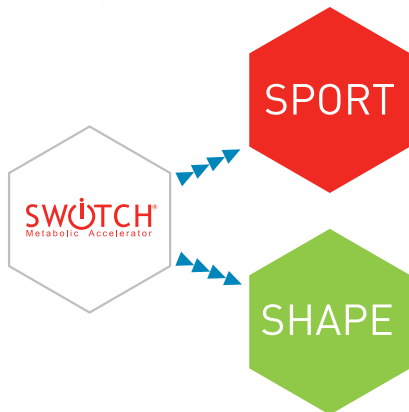

In keeping with international trends, whereby over 70 countries are now branding all the Cellfood® derivative products under the Cellfood® banner, South Africa will be launching the range of Cellfood® products in August 2007.

Cellfood®, the leading oxygen mineral supplement, remains unchanged.

Cellfood®

Oxygen Mineral Supplement

Switch®, the metabolic accelerator that contains Cellfood®, will switch to:

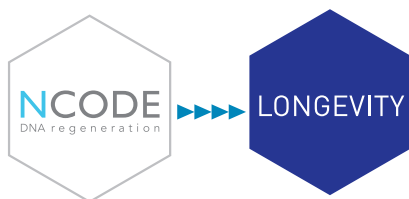

Cellfood® SPORT - for those who want an increase in energy and endurance, and a reduction in lactic acid and recovery time.

Cellfood® SHAPE - for those of you who want body-toning and body-firming results, and increased energy.

NCode®, the DNA Regenerating Formula that contains Cellfood®, will become:

Cellfood® LONGEVITY - for reducing homocysteine, regenerating DNA & RNA of cells and increasing cellular energy.

Cellskin® Gel, the skincare product that contains Cellfood®, will become:

Cellfood® SKINCARE - for restoring & nurturing, repairing & rejuvenating and nourishing & protecting.

INTRODUCING:

Cellfood® REPAIR - a Silica Supplement Formula that provides foundational support for healthy:

- Hair
- Nails
- Skin
- Bones
- Joints
- Teeth
- Gums
- Cartilage
- Muscles, and
- Connective Tissue.
